

# MBSS Install Guide

[Code ▾](#)

`MBSStools` is an R library with functions to perform various analyses by MBSS staff and those working with MBSS data. An installed copy of R is required. A copy of RStudio is recommended.

## Installation

The code for `MBSStools` is hosted on GitHub at <https://github.com/leppott/MBSStools> (<https://github.com/leppott/MBSStools>) and can be installed within R but the library `devtools` is required. To install `devtools` use the code below.

[Hide](#)

```
install.packages("devtools")
```

Once `devtools` is installed the code below will install `MBSStools`.

[Hide](#)

```
library(devtools)
install_github("leppott/MBSStools")
```

Alternatively, a zip file containing the R library can be downloaded from GitHub (<https://github.com/leppott/MBSStools>) and installed manually from R's menu bar (Packages - Install package(s) from local zip files).

## GitHub

GitHub is a code sharing website. `MBSStools` is hosted on this site for ease of updating and distribution. There is also issue tracking on the website. The most current version of the package will always be installed with the code above.
